CLUB NOTES

Our Visitors to-day, Rotherham United, have had only a moderate Season up to now. Though they have gained more points on their own Ground this Season than ourselves, they have yet to win away, having lost six and drawn two of their eight away games.

They first became members of the League in 1893, but it was not until March, 1962, that they played their first League match at Deepdale, losing by 2-0 on this occasion.

They fell out of the League in 1896 and were re-elected after World War I, when the 2nd Division was increased to 22 Clubs. Relegated to the 3rd Division North with Wolverhampton Wanderers in 1923, they remained there until they won promotion in 1951. Since this date they have performed consistently in the 2nd Division.

Since the abolition of the maximum wage, they have like ourselves, found it very hard going to break even financially. How the latest suggested changes in League Regulations are going to effect Clubs like Rotherham United and ourselves, we can only wait and see.

The First Team continue to maintain their challenge for the leadership of the Second Division and the point gained at Leeds on Saturday last enabled us to keep within striking distance of the Leaders — Sunderland. The match itself was in marked contrast to our home game with Sunderland on the preceeding Saturday.

It is a little difficult to understand why games tend to drift to the substandard level of the game at Leeds. There was just as much at stake and the tension was just as marked in our home game with Sunderland, but the contrast in the standard of entertainment provided in the two games had to be seen to be believed.

We lost a point to Sunderland, perhaps a trifle unluckily, but even the diehard partisan supporters of North End went home thoroughly satisfied from a game that will be long remembered, despite the loss of an important point.

We had our best attendance in League Matches for over two years at our Sunderland match, and continued support of this kind would give the Board some scope for the purchase of players for team maintenance, when the opportunity occurs.

No doubt most of you will have seen the Company's Accounts detailed in the *Lancashire Evening Post* and if you have studied them closely, you will have some idea of the problems that the smaller Provincial clubs have to face.

Fortunately, our expenditure on players during the past year or so, has been rewarded with results which have meant a great improvement in our "gates" and a special word of appreciation is due to our Manager, Training Staff and Players for their efforts this Season.

Exit facilities for supporters in the West Stand are available at the exit in the centre of the West Stand immediately behind the old Directors' Box. Spectators wishing to leave at any time during the match, before the exit gates are opened some 15 minutes before the end of the match, should go to this centre exit, where a steward is on duty at all times.

FOOTBALL LEAGUE'S JUBILEE BOOK

Histories are something dull. No one will say this of *THE FOOTBALL LEAGUE'S JUBILEE BOOK* just issued to mark the pioneer competition's 75th birthday. It is a thriller with about fifty illustrations — some in colour — to light up great teams, games, and players.

The highlights and humours of the early days are summarised ; the growth to 92 clubs is covered in a fascinating cavalcade of The League's star performers. A chapter on The League's outstanding teams explains why these sides are placed on the pedestal. A chapter on pioneers cites the players who made new moves — men like Alex James (Arsenal), Wm. R. ("Dixie") Dean (Everton), Don Revie (Manchester City), and also Billy McCracken (Newcastle United) whose off-side tactics revolutionised the Game.

This Jubillee Book has been compiled by Ivan Sharpe (with half a century of experience on and off the field as background) with the collaboration of Alan Hardaker, the Football League Secretary, and the Headquarters Staff who are responsible for the concluding statistical section containing evey League Match result since the last War.

This colourful panorama tells young and old all they ought to know about the League that showed the way for the rest of the world.

ROY IRONSIDE (*Goal*—6ft. 2ins.). Roy joined the playing staff at Rotherham as an amateur in 1962, and after two years' service with the Juniors was signed as a professional in 1954. Due to the brilliance of his predecessor, J. Quairney, it was some years before he was given his first team place. However, he was not to be denied the honour, and eventually, in 1958 he gained a regular berth in the First Team.

LOL MORGAN (*Left Full Back*—5ft. 9ins.). Lol came to Rotherham after spending several years with close neighbours, Huddersfield Town, whom he joined as a boy on their ground staff. He signed as a Pro. in August, 1954, and since that time he has been an ever present in the First Team. As a defender, what he lacks in stature he makes up with determined and resolute tackling.

BRIAN JACKSON (*Right Full Back*)—5ft. 11ins.). Brian was first spotted playing local junior football, and his potential was so manifest, he was signed on Amateur forms in July, 1954. It was not long, however, before the Management realised that he had the making of a first-class Centre Half and, some two months later, he was signed as a full-time professional. Due to the conistency of the regular centre half, P. Madden, he was converted into a full back, and the number of times he has played in that position in the First Team is testimony to his adaptability in any of the defensive positions.

DAVID CARVER (*Full Back*—6ft.). David is a local-born player and joined the ground staff as a boy on leaving school. He soon developed into a useful defender, and since being introduced at Leed's United ground in a League Cup match; has made the position his own.

ROY LAMBERT (*Half Back*—5ft. 10ins.). Roy is a product of Sheffield Junior football and came to Rotherham from Thorncliffe Welfare, who were then members of the Sheffield Association League. In May, 1954, he signed as a full time Pro. and since then apart from brief periods of injury, has been a regular member of the First Team. Roy is a brilliant tactitian, and with his colleagues in the half back line, has proved himself equal to the best in second division football.

PETER MADDEN (*Centre Half*—6ft. 2ins.). Peter was a product of Bradford Junior football, and joined Rotherham from Thornton Juniors on a part-time basis in October 1955. After a season in the then Midland League, it was obvious he had all the makings of a first-class centre-half, and after a few months, came on a full-time basis. With the retirement of the regular centre-half, Norman Noble, he was promoted to the First Team, and his polished displays since that time, have attracted the attention of more than one First and Second Division scout.

RAY LANCASTER (*Centre Half*—6ft. 1in.). Ray was recommended in season 1957-8 and, following the visit of our scout to the matches he played in, was signed on amateur forms in April, 1958. After a brief period of two months he was promptly introduced into the First Team playing staff. Since his introduction into the first eleven at the beginning of last season, has been an ever-present.

JIMMY BLAIN (*Outside Right*—5ft. 9ins.). Jimmy was born in Liverpool, and for a season was on Everton Football Club's books. In 1959, he joined Southport as an inside forward, and was eventually signed by the Manager, Dan Williams, from there on the 12th December, 1962, at a fee of £6,000. Due to injury to our regular outside right last season, he was asked to play there on a temporary basis, and it was pretty obvious, from his displays in the First Eleven, that this was his best position.

ALBERT BENNETT (*Centre Forward*—6ft.). Albert was born in Durham and was discovered playing football as an amateur with Chester Moor juniors, and it was on his record of having scored in the region of 130 goals that he was signed as an amateur in May, 1961. After a few months he signed on a part-time basis and subsequently joined the full-time ranks in February, 1962.

KENNY HOUGHTON (*Inside Forward*—5ft. 10ins.). Ken started his footballing career with a local colliery team, and signed professional forms on the 1st June, 1960. Ken has exceptional ball control, and everything points to his increasing his goal tally this coming term.

KEITH BAMBRIDGE (*Outside Left*—5ft. 5ins.). Keith joined Rotherham as a part-time professional in 1955 season, and due to his following his regular employment as a draughtsman, has maintained his part-time status. His football wizardry has endeared him to the crowds wherever he has played, and particularly with the local fans. Whilst he cannot be considered a regular goal scorer, he does, neverthless, feature in making many scored by his colleagues.

IAN BUTLER (*Outside Left.*—5ft. 10ins.). Ian is a local-born player, and signed as a full-time professional in August, 1961, having spent the previous two years as a member of the ground staff. Ian is a tricky left winger, and it was his exceptional ball control that earned him two representative Youth honours with the England Team in England and Israel.

JOHNNY McCOLE (*Centre Forward*—5ft. 11ins.). Johnny's soccer meanderings have led him from Falkirk in 1958 to Bradford City and Leeds United, and since moving south of the border, has made himself into a sharp-shooting centre forward. Whilst with Bradford City his goal tally was over 30 in season 1958-59, in which he broke the club record which had stood for over 30 years. He was featured in an exchange deal with Brian Sawyer plus cash in December, 1962, to help the scoring potential, and this he did, in no uncertain manner, and prior to breaking his leg on that fateful day at Derby, his tactical brain and goal-scoring ability would surely have taken Rotherham well into the top half of the Second Division table.
